

2.22 Excursion Policy

QUALITY AREA 2: Children's Health and Safety

Policy Statement

Bellinghen Community Preschool is committed to providing excursions that are well considered and planned, provide meaningful experiences, and ensure the health, safety and wellbeing of children at all times. Excursions are a valuable experience for children, families, and staff of educational settings. Excursions provide the opportunity to expand and enhance children's experiences, explore different environments, and engage in meaningful ways with their communities. Excursions require appropriate planning and risk management to ensure the best experience and enjoyment for all.

Goal

Our goals for excursions stem from our belief that connecting with place, our community, culture and others is integral to our well-being and sense of identity and belonging. Having a strong connection to our place and others impacts all areas of our life. To build a love for our wider world, we must first build a love for our place in hope for a more positive and sustainable future (Ann Pelo, 2015).

Excursions are a valuable experience for children, families and educators of educational settings. Excursions provide the opportunity to expand and enhance children's experiences, explore different environments and engage in meaningful ways with their communities and place.

Practices

Planning

When planning for an excursion staff will:

- Consider the relevance of each excursion to children, our service philosophy and QIP goals.
- Assess the requirements for the excursion.
- Conduct a risk assessment.
- Book transport and venues.
- Make alternative arrangements for adverse weather conditions.
- Inform families of the details of the excursion including destination, objectives, and outcomes, and what the child should bring.
- Provide parents or legal guardians with an excursion permission form to complete to authorise their child to participate on the excursion.

- Collect completed permission forms for each child attending the excursion.
- Request additional adult participation on the excursion where required.
- Arrange for a suitably equipped first aid kit, childrens medications and mobile phone to be taken on the excursion.
- Educators must make alternate arrangements for any children who are not attending the excursion, and ensure that any dialogue or pre-planning for the excursion does not alienate such children from social networks.
- Additional factors need to be considered in the planning of excursions for children with additional needs. Where possible, our service will uphold the right for all children to access all excursions and engage in meaningful ways while on excursions.
- Children will be involved in discussions regarding safety issues and curriculum program design prior to the excursion.
- Children and educators will engage in dialogue about the potentiality of experiences prior to all excursions.

Risk Assessment

The Nominated Supervisor will ensure that:

- A responsible person is appointed for the excursion.
- A risk assessment is conducted prior to any excursion to identify and assess the risk the excursion may pose to the safety, health and wellbeing of any child whilst on the excursion, and will specify how the service will manage any risks identified.
- Once risks have been identified, they will be categorised as high, medium or low and management of the risks will be detailed.
- Educators and any responsible adults attending the excursion are aware of the service's policy and procedures that set out the instructions for what must be done in the event of an emergency (regulation 97(a)) and are aware of the risk assessment for the excursion.
- Before departing for the excursion, risks are checked including the weather to assess any increases to the level of risk and whether the excursion can proceed. The risk assessment conducted will consider:
 - proposed route and destination for the excursion
 - any water hazards
 - any risks associated with water-based activities
 - where water is identified as a risk, a 1:4 ratio will apply
 - method of transport to and from the proposed destination < number of adults and children involved in the excursion
 - reason for the excursion, and proposed activities to be conducted on the excursion; » the anticipated adult: child ratio – outlining number of educators and staff and other adults attending; » a statement that a risk assessment has been prepared and is available at the service for parents to view.
 - If the excursion is a regular outing, authorisation is required once in a 12 month period. All parents or legal guardians will be asked to sign permission forms for regular excursions on enrolment and at the beginning of each subsequent year.
 - No child will be taken on an excursion unless written permission from parents or legal guardian has been received.

RELATED LEGISLATION

- Education and Care Services National Law Act 2010
- Education and Care Services National Regulations: Regulations 98, 99, 100, 101, 102, 123, 357
- Work Health and Safety (WHS) Act 2011
- Work Health and Safety (WHS) Regulation 2011

Staffing Arrangements

- Educators attending the excursion will be no less than the number prescribed in the Education and Care Services National Regulations, and depending on the supervision requirements, may need to be higher to ensure adequate supervision.
- The number of educators will also be adequate to supervise any responsible adults who volunteer to assist with the excursion.
- Consideration will be given to the number of educators who have required first aid qualifications and the number of educators required to educate and care for children who remain at the service.
- Where a group of children are taken on an excursion while a number of children remain at the service, at least one educator who holds the following qualifications must be in attendance at both the excursion and at the service where children are being educated and cared for, and must be immediately available in an emergency. At least: » staff member or one nominated supervisor of the service who holds a current approved first aid qualification » staff member or one nominated supervisor of the service who has undertaken current approved anaphylaxis management training » staff member or one nominated supervisor of the service who has undertaken approved emergency asthma management training (regulation 136(1)).
- All educators attending the excursion will be made aware of the service's policy and procedures that set out the instructions for what must be done in the event of an emergency (regulation 97(a)) and are aware of the risk assessment for the excursion.

Families and Volunteers

- Families will be encouraged to participate in excursions to increase the number of responsible adults and assist in ensuring the health, safety and wellbeing of children.
- Families and volunteers cannot be counted in order to meet ratio requirements under the Education and Care Services National Regulations.
- Family members wishing to attend will be mature, responsible people who are aware of the hazards and responsibilities of taking a group of children out of the service. If the responsible adult needs to bring their child's sibling because they cannot find suitable care, the responsibility provided to this adult will be adjusted accordingly and considered in the risk assessment.
- Family members/volunteers will not be left in sole charge of children (including their children) and must be supervised by an educator at all times.
- All responsible adults attending the excursion will be made aware of the service's policy and procedures that set out the instructions for what must be done in the event of an emergency (regulation 97(a)) and are aware of the risk assessment for the excursion.

Travel Arrangements

Travel arrangements are made on the basis of individual excursion requirements. Every reasonable precaution will be taken to protect children from harm and any hazard likely to cause injury. The following forms of transport are used:

Walking

- Educators will ensure children obey road rules and cross roads at a crossing or lights where available.
- Educators will remain vigilant to ensure no child runs ahead or lags behind the group.

Public Transport

- Where possible we will only use buses that are fitted with seatbelts.
- Every child will wear a seatbelt where one is fitted.

Conducting the Excursion

- All educators, volunteers and children attending will be informed of excursion timetable/ itinerary, special requirements, safety procedures, grouping of children and responsibilities.
- A list of children on the excursion will be left at the service and a copy carried by the delegated responsible person.
- Before leaving on the excursion, a notice will be prominently displayed at the service which includes: » itinerary and timetable; and » mobile contact phone number.
- Items to be taken on excursions include: » a suitable stocked first-aid kit including EpiPen; » an operating mobile phone with an appropriate telephone network; » children’s emergency contact numbers and the child’s registered medical practitioner or medical service; » children’s medication, if required; and » other items as required e.g. sunscreen, drinking cups, jackets, hats etc.

Role	Authority/Responsibility for
Approved Provider	<ul style="list-style-type: none"> • Ensuring that a child does not leave the service premises on an excursion unless prior written authorisation has been provided by the parent/ guardian or person named in the child’s enrolment record, and that the authorisation includes all details required under Regulation 102(4). • Ensuring that educator-to-child ratios are maintained at all times, including during excursions. • Ensuring that parents/guardians, volunteers, students and all adults participating in an excursion are adequately supervised at all times and are not left with sole supervision of individual children or groups of children. • Ensuring the risk assessment identifies and assesses the risks, specifies how these will be managed and/or minimised, and includes all details required by Regulation 101.

RELATED GUIDELINES, STANDARDS, FRAMEWORKS

- National Quality Standard, Quality Area 1: Educational Program and Practice – Standard 1.1
- National Quality Standard, Quality Area 2: Children’s Health and Safety – Standard 2.2

<p>Nominated Supervisor/Person in Day to Day Charge (PIDTDC).</p>	<ul style="list-style-type: none"> • Implementing Approved Provider responsibilities as delegate (see above). • Ensuring that each child’s personal medication and current medical management plan is taken on excursions and other off-site activities. • Ensuring that a portable first aid kit (including required medication for dealing with medical conditions) is taken on excursions and other off-site activities. • Ensuring a mobile phone, the emergency contact details for each child and the contact details of their medical practitioner are taken on excursions for notification in the event of an incident, injury, trauma or illness. • Ensuring an accurate roll of attendance is taken and checked regularly
<p>Early Childhood Educators</p>	<ul style="list-style-type: none"> • Adhering to this policy. • Checking that a parent/guardian or person named in the child’s enrolment record has completed, signed and dated the excursion/service event authorisation form prior to the excursion. • Allowing a child to participate in an excursion or service event only with the written authorisation of a parent/guardian or person named in the child’s enrolment record. • Ensuring an accurate roll of attendance is taken and checked regularly. • Maintaining the required educator-to-child ratios at all times, and adequately supervising children during excursions and service events. • Adequately supervising parents/guardians, volunteers, students and all adults participating in an excursion, and ensuring that they are not left with sole supervision of individual children or groups of children. • Undertaking a risk assessment for an excursion prior to obtaining written authorisation from parents/guardians. • Ensuring the risk assessment identifies and assesses the risks, specifies how they will be managed and/or minimised, and includes all details required by Regulation 101. • Including all children in excursions and service events regardless of their abilities, additional needs or medical conditions. • Taking each child’s personal medication and current medical management plan on excursions and other off-site activities.

Families	<ul style="list-style-type: none"> • Taking a portable first aid kit (including required medication for dealing with medical conditions) on excursions and other off-site activities. • Taking children’s Medications from Buddy Bag. <ul style="list-style-type: none"> • Completing, signing and dating excursion/service event authorisation forms. • Providing written authorisation for their child to leave the service premises on routine outings. • Reading the details of the excursion or service event provided by the service and asking for additional information if required. • Understanding that, if they participate in an excursion or service event as a volunteer, they will be under the immediate supervision of the Responsible Person at all times.
